

I-5 – South King County Projects Update

Edition 40, June 7, 2005

In this issue:

- Federal Way I-5 Lane and Shoulder Closures
- Construction Update: I-5 S. 317th HOV Direct Access
- Construction Update: I-5 HOV Widening
- Highway Advisory Radio Updates
- About This E-mail

Federal Way I-5 Lane and Shoulder Closures

Monday through Thursday nights, June 6-9

- Three lanes of **northbound I-5** will be closed between the Pierce County line and Military Road. The first lane will close at 6 p.m. By 11 p.m. three lanes will be closed. All northbound lanes will reopen by 5 a.m. each morning.
- Two lanes of **southbound I-5** will be closed between South 336th Street and the Pierce County Line. The first lane will close at 8 p.m., the second at 11 p.m. All southbound lanes will reopen by 6 a.m. each morning.

Drivers should expect **daytime I-5 shoulder closures** from S. 320th to the Pierce County line.

Construction Update: I-5 - S. 317th HOV Direct Access

Military Road South to South 320th Street

A lot of concrete is flowing on this project. We've been pouring the deck for the additional width of the northbound I-5 bridge over Military Road, pouring pieces of the west end of the S. 317th bridge, and pouring new pavement on the southbound I-5 lanes near the S. 320th exit.

Last Tuesday night, we closed the S. 320th exit to grind smooth the transition between existing and new pavement on the ramp. We've been removing the shoring system from behind the retaining wall on the left side of this ramp and are working on building the detention pond that will sit between the ramp and the southbound mainline.

Please visit our Web site to view the [latest I-5 - S. 317th construction photos](#).

Construction Update: I-5 HOV Widening

South 320th Street to the King/Pierce County Line

Last week, crews finished grinding pavement in the far left northbound lane and now are realigning the northbound lanes away from the median. We began grinding pavement in the far left southbound lane, and continue installing drainage and electrical systems and building

detention ponds throughout the project area. This week, we plan to pour concrete for light poles at the Highway 18 interchange.

For more project information, please visit our [I-5 HOV Widening Web site](#).

Highway Advisory Radio Updates

Tune your radio to **AM 1520** to hear a new project update each week on I-5 in Federal Way. Questions or comments? E-mail Laura Johnson at JohnsoL@wsdot.wa.gov.
